

# Download 2 King 4 1 7 Preschool Games

We also did some fun Shape Building using cotton swabs, tape and yarn. I didn't get photos of the yarn shapes but we used yarn to make all four shapes. I pre-cut 1 large piece of yarn for each child to make a circle, 4 equal sized pieces to form the squares, 3 equal sized pieces to form triangles and 2 short/2 long pieces to form rectangles. As part of our winter theme we were exploring mittens one day in preschool. We had fun matching mittens, making patterns with mitten stickers and doing some fun salt watercolor mitten art. Hundreds of fun educational games and activities for kids to play online. Topics include math, geography, animals, and more. I have been wanting to share with you some of the games mentioned in my Conflict Resolution course textbook, "Keeping the Peace," by Susanne Wichert. This course talked about the importance of having the children to work together to complete tasks to promote cooperation, improve communication, and have fun.
