CHAPTER FOUR – PROFESSIONAL SOCIALIZATION OF HEALTH CARE PROFESSIONALS “Thought flows in terms of stories—stories about events, stories about people, and stories about intentions and achievements. Health care or healthcare is the maintenance or improvement of health via the prevention, diagnosis, and treatment of disease, illness, injury, and other physical and mental impairments in people. Health care is delivered by health professionals (providers or practitioners) in allied health fields. Physicians and physician associates are a part of these health professionals.
